

Batteries are Recyclable!

One battery has the power to contaminate one cubic meter of the ground if we throw it in the garbage. If we continue to put batteries in the garbage, our earth will be a mess. We are trying to keep our earth clean, so please stop throwing your batteries in the garbage.

Instead, you can put your batteries in the blue boxes that can be found at school and in some stores in the community. Batteries are recyclable.

Another idea is to buy rechargeable batteries to replace your old dead batteries. I hope more and more people will start to use rechargeable batteries so we can keep our earth clean.

My Family

My family is a pencil case!
My dad is the sharpener, the boss.
My mom is the highlighter,
she helps us to remember.
My brother is the eraser,
always erasing mistakes.
My sister is the pencil,
she never stops talking.
My twin is liquid paper,
she covers up for me.
And I am the pen,
my effect is permanent.

Cartoon Character Project

Hello, I will present you a new cartoon character. Its name is Mr. Mordaut and it's an excellent dragon teacher. It teaches French, English, Math, Chemistry and... Magic. The name of its school is Magic-Drago-Zard School because in its school, there are dragons and lizards.

It shaves its horn with a shaver named EXTRA-SUPER-WONDERFUL-SHAVER and it has 1234 razor blades. After, it chops its horn with a knife that chops more quickly than Willy-Waller 2006. Then, it plays Dragon-Ball with its friends, it's similar to baseball but it's more violent. The rules are simple. The goal of this game is when the dragons hit some balls in some goals and the lizards stop the balls. After, because it is out of breath, it goes to bed to take a nap. Next, it takes a rock shower with a lava-soap and a shampoo that changes colour. After, it takes medicine with a snack and hot water.

It loves to draw with its Super-Magic pencil. Mr. Mordaut likes to draw a picture of all the members of its class. It watches TV on Illico 990. Its favourite program is Meal or No Meal. Mr. Mordaut plays on the computer and emails friends. Every Monday and Tuesday, it studies Magic with its friend named Ulice. Its favourite music is rap.

Mr. Mordaut loves fish; it eats fish every week-end. It doesn't like bees because it hates needles. Mr. Mordaut hates tortellinis because they are sweeter than fish. It doesn't mind golf. It likes to hit white balls.

It always plays on the computer. Mr. Mordaut often goes to school on Friday but sometimes it takes some days off. It never plays with fire because it's dangerous. Mr. Mordaut rarely goes shopping. Sometimes it visits the doctor. Thank you, it's a fabulous character you can watch on Illico 998 or cable 67.

Little Butterfly

*Fly little butterfly
out of your cocoon.
Fly little butterfly
as high as the moon.*

*Fly little butterfly
to gain your wisdom.
Fly little butterfly
over lands and kingdoms.*

*Fly little butterfly
with majesty and grace.
Fly little butterfly
and a flower you embrace.*

*Fly little butterfly
expand your colorful wings.
Fly little butterfly
as the wind sings.*

*Fly little butterfly
until you shall die.
Fly little butterfly
now I bid you good-bye.*
